

These concluding words plainly indicate that the Senator-elect has not deteriorated one whit in the quality of his stinging comments, in which are locally famous the time of the court of inquiry. If the Democratic party of Maryland is really already united to an extent it has not been for a long time, there seems to be no evidence of Kayner reticence in claiming credit for such achievement. The Senator-elect has been a member of the Sage of Laurel, and his election was heralded by the Kaynerites as the hand-writing, portending Gorman's removal. Senator-elect Kayner's comments are a timely, clear insight

diseases which medicine never cures. In this coupon today. Do that in ju-

Any physician or hospital not yet using Iodine will be gladly applied for a test.

We Have The Names of 1,800,000 People

Who Are Users of Liquozone.

All of these people asked us to buy the first bottle—a 50c. bottle—and give it to them free. We did it—and we will do it for you.

There are millions of other users of whom we don't know. We learn only of those who write us. But each user tells others about it, and those others tell others. Ask your friends if they use it, and you will be surprised at the number who do.

Your own neighborhood is full of Liquozone users. Ask a few what they think of it—ask them what it does. If they say it is wonderful—that it does all we claim—then let us buy you a 50c. bottle. Try it at our expense; see what it does for you. If you find it effective and needful, tell others about it, as we have told you.

Each of those 1,800,000 people suffered from a germ disease. Ask some of them if Liquozone cured them—if it destroyed the germs. Ask if they advise you to take Liquozone, then do as they say. Half the people you meet know some one whom Liquozone has cured.

Millions of people use Liquozone constantly. Yet we have never asked a person to buy it. We have asked them only to let us buy the first bottle—just as we ask you. They have continued its use because of what Liquozone did for them—just as you would. Won't you—for your own sake—be one of those millions? Won't you write for a bottle today?

THERE'S A BIG DIFFERENCE BETWEEN "BROWNS,"

And Browns are what we are showing—the solid Browns—and the mixed browns—in suitings to \$18 up order, at

Not Medicine

Liquozone is not a medicine. It is not made by compounding drugs, nor is there any alcohol in it. It is made solely from gas—largely oxygen gas—by a process requiring immense apparatus and fourteen days' time.

This product has, for more than twenty years, been the constant subject of scientific and chemical research. The object of its discoverers was to get the virtues of oxygen in stable form into the blood. Their reason was that oxygen alone can kill disease germs without harm to the living tissues.

Each cubic inch of Liquozone requires the use of 1,200 cubic inches of the gas. And that is all that goes into it—the gas, and the liquid used to absorb it. The result—after fourteen days—is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill.

Acts Like Oxygen

The virtue of Liquozone lies in the fact that it does what oxygen does. Oxygen is the vital part of air, the very source of vitality, the most essential element of life. Oxygen is also nature's greatest tonic, the blood food, the nerve food, the scavenger of the blood. It is oxygen that turns the blue blood to red in the lungs. It is oxygen that eliminates the waste tissue and builds up the new. You could not live three minutes without it. And half the sickness in the world is caused by having too little.

Liquozone acts like oxygen. It gives to every nerve center just the food that it needs. It gives new power to every function of nature. It brings back vitality at once. No other known product can compare with it as a vitalizer. And Liquozone is the only tonic that never leads to reaction.

Kills All Germs

Another fact is that an excess of oxygen destroys any disease germ. The reason is that germs are vegetables, and an excess of oxygen—the very life of an animal—is deadly to vegetal matter.

So with Liquozone, but the vital difference is this: Oxygen is a gas, and an excess of it cannot be maintained in the blood. Liquozone is a liquid, concentrated, stable, and powerful. It goes wherever the blood goes, and, as no germ can escape it, and none can resist it, the results are inevitable.

To the human body Liquozone is the most helpful thing in the world. But anything vegetable instantly perishes wherever Liquozone goes. The fact that germs are vegetables has enabled the discoverers of Liquozone to solve the great problem of killing germs in the body without killing the tissues, too. And there is no other way. Any drug that kills germs is a poison, and it cannot be taken internally. In that fact lies the great value of Liquozone. It is the only product known—that only product man can conceive of—that can destroy the cause of a germ trouble without harm to the living tissues.

We Paid \$100,000

For the American rights of Liquozone and the British Liquid Ozone Company paid the same sum for the rights in Great Britain. That is the highest price ever paid for similar rights on any scientific discovery.

We tell you this fact because it best indicates the value of Liquozone. Claims are easily made, but men of our class don't pay a price like that save for a product of very great worth to humanity.

Before making this purchase, we tested Liquozone for two years through physicians and hospitals in this country and others. We tried it in all kinds of germ diseases, in thousands of the most difficult cases obtainable. We saw it cure hundreds of sick ones with whom everything else had failed. And we saw many a patient brought back from the verge of the grave by it.

We proved, to the satisfaction of the best physicians, that in germ troubles Liquozone did what nothing else could accomplish. We proved it to be of more value to sick humanity than all the drugs in the world combined. Then we staked our fortunes and our reputations on it.

Every member of this company uses Liquozone daily in his family to prevent sickness, and millions of others are learning to do likewise. Liquozone is now employed by hospitals everywhere, and by the physicians at nearly every station.

Germ Diseases

We give here a list of the known germ diseases. Each of these diseases is caused by germ attacks, or by poisons which germs create. A cure can come only through killing the germs.

All that medicine can do for these troubles is to help nature overcome the germs, and those results are indirect and uncertain. They depend on the patient's condition. There are some of these diseases which medicine never cures. In

all of them, the results from drugs are doubtful and slow. Medicine is not proper treatment for any form of germ attack.

Liquozone goes directly to the cause of these troubles. It attacks the germs, wherever they exist. A germ disease must end when the germs are killed; nothing is more certain than that. Then Liquozone, acting as a tonic, quickly repairs the damage done, and restores a condition of perfect health. Diseases which have resisted medicine for years yield at once to Liquozone. And it cures diseases which medicine never cures. In any stage of any disease in this list, the results are so certain that we will gladly

Asthma	Hay Fever—Influenza
Albumen—Anemia	Kidney Disease
Bronchitis	La Grippe
Blood Poison	Leucorrhea
Bright's Disease	Liver Troubles
Bowel Troubles	Malaria—Neuralgia
Coughs—Colds	Many Heart Troubles
Consumption	Piles—Pneumonia
Cutis—Eczema	Rheumatism
Dyspepsia	Skin Diseases
Dandruff—Dropsy	Scrofula—Syphilis
Erysipelas	Stomach Troubles
Fever—Gall Stones	Throat Diseases
Gout—Gravel	Tuberculosis
Gonorrhea—Gleet	Tumors—Ulcers
	Variola
	Women's Diseases

All diseases that begin with fever—all inflammations—all catarrhs—all contagious diseases—all the results of injury or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

One Full-Size Bottle Free

If you need Liquozone, and have never tried it, we ask you to send us the coupon below. We will then send you an order on a local druggist for a 50c. bottle, and will pay the druggist our selves for it.

We have already done this with 1,800,000 people, and it has cost us over \$1,000,000 to announce and fulfill the offer. Don't you realize that a product must have wonderful merit when we spend \$1,000,000 just to let the sick try it?

That is our only method of making Liquozone known. We publish no testimonials; we tell you of none it has cured; we use no physician's endorsement. We prefer to ask you to try it, at our expense. Then judge for yourself what it does.

If you have already used Liquozone, this offer, of course, does not apply to you. But if you have not used it—if you don't know its results—please send us this coupon today. Do that in ju-

tice to yourself. The acceptance of this offer places you under no obligations, and it will introduce to you a product better than anything else in the world for you.

Liquozone costs 50c. and \$1.

CUT OUT THIS COUPON
